

## JSID Kisaragi Juku Application Form

The Japanese Society for Investigative Dermatology will hold JSID Kisaragi Juku at Hotel Nikko Alivila in Okinawa for the three days from February 11 (Thursday), 2010. The purpose of this seminar is to foster those who will play major roles in dermatologic research in Japan and the world, by bringing together promising, enthusiastic young dermatological researchers from throughout Japan. We await the participation of young researchers.

The application form will be printed in the syllabus of the seminar. Make out your application form on A4-size paper using size 9 font.

### [Statement of purpose, and goals as dermatologist]

This item will be considered the most important point in selecting participants for Kisaragi Juku, whose aim is to foster young researchers who will play major roles in the JSID.

### [Title of your presentation]

You will perform three-minute oral and poster presentations. Write the title for your oral and poster presentations. The abstract shall have sections titled "Background," "Results" and "Discussion."

You may attach your publications and any presentations you have made at JSID meetings. For JSID presentations, please add whether the presentations were for the plenary, oral or poster session. Underline the name of the applicant in the authors' section of the paper (presentation) if it is co-authored. This item is only for reference. Participation is not limited to those who have published papers or given presentations.

Application deadline: August 21, 2009

Send the application to the JSID office.

Phone: 011-706-7387; fax: 011-706-7820; e-mail: [jsid@pop.med.hokudai.ac.jp](mailto:jsid@pop.med.hokudai.ac.jp)

Send only the application form as an attachment to your e-mail, with the subject line: Application for JSID Kisaragi Juku (your name).

At the same time, fax the recommendation form completed by your supervising professor. That form is on the next page of this document. We are looking forward to meeting, in Okinawa in February, young researchers who wish to contribute to the improvement of their universities' dermatology departments and to dermatological research in general.
